

Letter of authorisation for Primary Source Verification checks

Thank you for applying for an Industry Skills Statement.

This service incorporates Primary Source Verification. Ecctis needs your permission and your authorisation to check and verify your qualifications and identity data; to share your data with a partner organisation specialising in verification services; and to obtain relevant verification information from issuing authorities. As qualification verification has to deal with different kinds of institutions across all parts of the world, it is necessary for us to work with a partner organisation to offer a complete service. This letter authorises Ecctis and its partner organisation to obtain verification information about you from issuing authorities (eg universities, qualification awarding bodies, passport authorities) worldwide.

We will verify only one qualification, normally your highest qualification. If you have two qualifications at the same level, we will verify the most recent one. If you wish to have a different qualification verified, you must inform us (using the application notes section of your online application) which qualification you wish to have authenticated. If you do not tell us otherwise, we will verify your highest, most recent qualification.

Please complete the form below and sign the declaration.
